

The History of Earth...

The History of Earth...

Part 1- The beginning of the Humanoid form.

First of all humanity needs to realize that time can be changed and modified by our own awareness therefore history is not written in stone but is an ongoing tapestry of events. But, remember each event is also happening in a different timeline and we as humans can jump those timelines individually and collectively. 😊

This Universe that we find ourselves living in began about 20 billion years ago. Approximately 4.5 billion years ago we went through an expansion and Earth was formed out of dust and gas mainly hydrogen. Throughout this physical chemical process Source (God) differentiated itself into units of consciousness we call souls.

The Pleiadians decided to embed a tiny part of themselves into the evolving worlds to better experience them directly.

They created a multitude of patterns we call the DNA molecule. These are called “light packets” of energy that can descend down in vibration. These DNA codes are the building blocks of our species as we know it.

These 9th density Pleiadians then densified these codes down to the 7th density the first actual density of the DNA codes. As 7th density beings they were now able to experience as inhabitants the expanding Universe and it's evolving worlds.

They scattered their seed throughout the Universe. As the Universe expanded into individual clusters of the expanding Galaxy they began incarnating into several different regions of the galaxy.

The galaxy we call the Milky Way was seeded by them in different quadrants. The first quadrant that was seeded was the Lyra region using the manipulation of our DNA codes. It took the Pleiadians almost 900 million years to perfect this process and it was within the last 100 million years they were able to create all life forms down to the 3rd density where the human race is now and beginning to evolve out of.

The process of descending into form is called devolution. Which means the process of becoming lower and lower in density or vibration until it reaches simple existence, pure elemental awareness. This is the density we call non-organic existence or 1st density. Which is the simplest form of existence of the hydrogen element.

Once hydrogen is infused with consciousness the process of evolution begins.

The History of Earth...

Part 2

This form that we have got to know so well meaning our arms, legs, torso, head ect. is a result of genetic experimentation and research comprised about 900 million years. Most of the animal life forms on this planet have been brought forth as a side effect of this research.

Life exists in many forms much of it we would not recognize. There are carbon-based life forms, silicone-based life forms and even lithium based lifeforms. All life begins in the simplest of states. It sounds crazy but even hydrogen has a level of awareness. The Pleiadians figured out they could take the consciousness of a hydrogen atom or a heavier metallic element and mutate the atomic structure thus creating varying forms of life.

All lifeforms have a tendency to become more organized and sophisticated growing in awareness over time. Our scientists have no idea how to explain the mutations and alterations in living organisms.

As life began evolving from 1st density up thru the mineral and plant stage became a level of sophistication and awareness meaning the animal stage...making it possible for the higher density souls to incarnate into flesh and blood vessels. Hence, the human species territorial and predator traits thru that animal consciousness. But the pinnacle form is our humanoid form.

This humanoid form that we find ourselves in was originally designed to experience 7 different dimensions simultaneously and had the capability to sit, stand, walk, leap, fly and teleport itself from one place to another. This body we inhabited at that time had the capability to become translucent and fluid or it could be as solid as we experience it now. We were quasi-physical beings.

This body was specifically designed to work with the gravitational fields and electromagnetic fields of evolving planets. We could shift our density at will from 1st thru 7th level. Ohhhh how we've been messed with. During the 900 million years of experimentation there were many strange and exotic life forms walking this planet. The dinosaurs was one of these lifeforms that was a byproduct of this research.

We've all heard the land of Pan, Pangaea and there was lots of experimentation going on at that time. We've all heard of the life form Pegasus. This experimentation resulted in the cross between a man and horse, man and angels. There were many strange and bizarre life forms roaming the Earth due to this rogue genetic experimentation and inter-species breeding.

So, basically we have two processes unfolding here...the first is the process of evolution from a tiny spark of light that began as an inanimate object of first density slowly evolving to a more sophisticated levels of genetic configurations. Eventually making our way back to Source, God... this is the Ascension process, evolving back towards light, that beginning spark we started as. Then we got the process of devolution... Meaning starting out as that little grain of sand evolving towards a higher vibrational luminescent being of light. Now you know what the saying means going full circle.

Pleiadian Teachings

Part 3

There has been four major civilizations on our planet and many minor ones since the grand experiment started to unfold. 1-Pangaea 2-Lumeria 3-Atlantis 4- Our current civilization.

There were two major events that dramatically impacted their history of our world. The destructive action of Maldek, which is now our asteroid belt and the destruction of the surface of Mars. There were other events that also took place one being the Orion invasion... the infusion of the Draco race. The reign of the Sirians and the Zeta Reticulans, the Greys. There was also some infusion with the Andromedans, Alpha Centauri and many more and of course the Pleadians and Arcturians.

The progress of this planet has been overseen its entire existence by the Council of Alcyone, The Great White Brotherhood, the Federations of Light and their offshoots, Ashtar, Solar Cross and many others like Enoch, Metatron.

Pangaea...

The Land of Pan.

Was a time of rogue experimentation and inter-species breeding using different strains of DNA. This place was paradise, the original Garden of Eden written in the Bible.

Most of the Earth was a tropical jungle 200 to 20 million years ago. Example, the petrified forest in Arizona was once a lush jungle and Sedona, AZ. was underwater much of this time. Basically, our planet was bathed in water and dense vegetation back then. Even the polar regions were full of life.

The humanoid formation was seeded here approximately 100 million years ago. There were many different humanoid groups scattered about this planet. These beings were 7th density humanoids with wings, completely telepathic with very advanced psychic abilities. They lived in paradise, they were loving, spiritual and communicated with the plant and animal life. They extracted their food directly from sunlight, water thru their pores. They were in need of nothing but each other. This was the Garden of Eden!

During this time Earth was hit by a comet that destroyed the dinosaurs and due to the massive cool down on Earth much of the vegetation was destroyed and with the help of Pleadian factions many of these humanoid groups went underground.

These Pleadian factions created a beautiful subterranean underground world. This was the beginning of the inner Earth civilizations that we've all heard of. Most of the exotic life forms during the Land of Pan do not exist today. Pegasus being one of those exotic life forms along with the various forms of reptiles. Dragons got their folklore from Pangaea and the Draconian invasion.

The early dragons were Reptilian creatures that evolved along with the dinosaurs and were genetically manipulated by the Pleadians and other ET groups. Then came the Draco and infused their formation by interbreeding making various dragon forms.

The fall of Pangaea was the original "fall from grace." This occurred when the 7th density Pleadians decided to incarnate into the lower vibrational humanoid forms on Earth and forgot their divine connection to Source. This is what has happened to us. Before the incarnation of the Pleadians these humanoid forms had the consciousness between 2nd and 3rd density consciousness. Our so-called "scientists" call this the missing link between apes and humans.

Soooo, when these highly evolved Pleadians incarnated with the humanoid forms on Earth we can say with confidence that they majorly dropped in vibration. They lost all their psychic, telepathic abilities and connection to Source ect. Again, are you seeing why many of us now have a lineage to the Pleadians? 😊

At this time there was a major cosmic event, the poles shifted and there was a change in frequencies... hmmm? Sound familiar? 😊 This turbulence brought on the Great Flood as written in the Bible. At this time most of Earth was covered in water with a few remaining pieces of land and humanoid beings scattered about here and there.

The History of Earth...

Part 4

The beginning of Violence...

10 million years ago there was three planets that harbored life forms Earth, Mars and Maldek. Many of the beings that got displaced by the great flood of Pangaea incarnated on Mars and Maldek which had harsher conditions than Earth but had forests at the Equatorial locations and plenty of water. Most of these souls incarnated as 4th density beings. The realm of imagination, thought creation and the dream state.

Many other star systems took interest in these planets one of the star systems were the Draco's who sent scout craft to Earth. The Draco and another group from Orion constellation had planned on a conquest of Earth but the Pleiadians were watching Earth extremely close and wasn't about to let it happen. It would be like the Draco coming into the Pleiadians laboratories and saying we're taking over the Pleiadians Earth experiment and they weren't going to let that happen.

At that time the Pleiadians had a protective vibration around Earth and at that time things like taking over a planet did not happen. But, Mars and Maldek did not have that protective barrier because frankly those two planets were not the Pleiadians terrain.

At first it was very hard for the Draco and the beings from Orion to live on Mars and Maldek's environment so they began their infusion thru the reincarnation process. These Draco's and beings from Orion were very aggressive and warrior like in their mentality. Their main purpose coming to Earth's solar system was conquest and mining of resources. Basically anything that would give them power and prestige. These beings had lost their connection to source.

The Beginning of War...

Because Earth was being watched so closely by the Pleiadians the Draco decided to incarnate on Maldek in mass. They built great cities out of stone. These cities had gigantic fortresses around them to prevent attack. Maldek became a warring planet with the initiation of nuclear power. At this time the DNA of the population was a mixture of the Draco and the Orion greys which both had aggressive and war like tendencies.

The scientists at that time did not realize the destructive capability of this weapon and one was fired at an underground military base and within that base there was hundreds of other nuclear weapons. This massive explosion sent an earthquake repercussion unlike any other. This explosion tore apart the planet of Maldek and broke it into hundreds of fragments which is now our asteroid belt. 10 million souls perished in this destruction and later these souls reincarnated on Mars.

This blast ultimately altered the orbit of Earth and Mars. This destructive event brought much concern to the Council of Alcyone of the Pleiades and The Great White Brotherhood. Here it

was established that no other event like this would ever happen again in this galaxy. Are you now connecting the dots to our current situation? 😊

Pleiadian Teachings

The History of Earth...

Part 5

After the destruction of Maldek the surviving souls incarnated on Mars where the Pleiadians had an ongoing experiment with that population. But, in the middle the night, so to speak, the Pleiadian laboratories were broken into and their DNA experimental samples were stolen. So, now the Draco had the DNA samples of the human experiment the Pleiadians were in charge of and monitoring.

In the meantime the Draco and Orion beings began to interbreed with the humanoid beings of Mars which were of the Pleiadians experiment. The population grew immensely up to 100 million souls. Due to the thin atmosphere on Mars and it's distance from the sun this planet could not house such a growing population not to mention nuclear weapons. Unrest grew...

Because of Maldek's destruction altering Mars orbit the climate became hostile and water was scarce. Great wars broke out due to water shortage and a form of dirty atomic weapons using heavy metals broke out using uranium and plutonium.

These warring factions were warned many times by the Pleiadians, Great White Brotherhood and the Federations of Light. These positive factions neutralized many of these weapons so they would not have a repeat of Maldek. Is this sounding like familiar times?? 😊

Well, a war broke out using these weapons blowing holes in their atmosphere and destroyed the surface of Mars where most surface life went extinct and many went underground. Massive civilizations were built underground.

The scientists of these civilizations created a sealed off artificial environment. On the surface of Mars now there are a few remaining pyramids and rectangular buildings that remind us of a distant civilization in the past. As of today the civilizations still exist underground on Mars in the 4th density and are not visible to us.

What happened to the millions of souls that did not go underground on Mars? You guessed it they migrated to Earth and reincarnated into the melting pot of Pleiadian, Draconian, Orion and many others that reorganized since the destruction of Pan...Pangaea.

The History of Earth...

Part 6

The mixing of the DNA codes by these negative ET groups (Draco, Greys ect.) with the evolving Earth souls through energy transmissions and mass incarnation corrupted the whole Pleiadian experiment. Hence, came the ego-based mentality who wants control and power over others. Are you seeing what happened to our planet when all the sudden the ego became in charge?

The initiation of nuclear weapons changed everything on this planet and in our galaxy. Earth is a Free Will planet and up until the invention of nuclear power and the complete destruction of Maldek these positive factions could not get involved but that has changed.

The souls who are in a calibration of 4th and 5th density automatically enter a vibrationally protected field. Don't get this wrong meaning, these people that are of higher density are going to be saved and only them, it's just these people are granted access to Stargates and portals necessary to relay important information to humanity to break away from the Luciferian stronghold it has on Earth.

All souls can be free from this Luciferian illusion you just need to ask, ask and you shall receive...it's Divine Law.

After the Great Flood of Pangaea all lifeforms began to recover from this event. After the destruction of Maldek and Mars atmosphere many came to incarnate here on Earth and dramatically increased the population.

At this time Earth was still a tropical jungle and was covered 90% with water. With the increasing incarnation of the souls from Maldek and Mars on Earth it dropped the vibration to match theirs. So, are you seeing what's happening in our current situation right now...meaning, the higher frequencies with the transition into Age of Aquarius we're all feeling and seeing on our planet meaning...These lower vibrational beings can no longer keep control hence, the incredible chaos that's going on right now on Earth.

So, when the awareness level dropped below 5th density souls from neighboring planets would now be able to access those portals and star gates accessing Earth which were not regulated at that time except for the Law of Attraction. Although, the Draco and Orion's we're already here but when the vibration dropped on Earth they came in mass.

The History of Earth

Part 7...

The Luciferian Rebellion

As the vibration dropped on Earth many other star systems came to incarnate most of them in the fourth density. Earth became a blend of many races and the Orion's began to dominate. Unlike the Draco's the Orion's were able to land directly on the Earth in addition to come through the incarnation process. So their numbers dramatically increased much more than the Draco's.

The Draco's Reptilian bodies had a very hard time adjusting to Earth's atmosphere and gravity. The Pleiadians watched with dismay at what was happening but they were not allowed at this time to interfere. It was like them watching their specimen go out of control and not being able to contain it. They weren't happy.

A group of archangels and ascended masters from 7th, 8th and 9th density were also watching Earth. Archangel Michael and an ascended being which later named Lucifer.

Lucifer devised a plan to lessen the chaos on Earth by teaching Earth's souls to control their emotions and become more aware of their intellectual abilities so they wouldn't be so easily

swayed by the negative factions. A group of souls came to Earth to help Lucifer train the beings of Earth to be able to control their emotions. The plan backfired!

As the souls began to suppress their emotion the souls became more fragmented until their vibration dropped below 4th density into 3rd density. Sounding familiar 3D humans? 😊 Suppressing any part of the self decreases your power and awareness... not good!

The shaming of emotion in men, the Victorian suppression of sexual desire all have their origins in lucifers philosophy. Archangel Michael seeing what was happening on Earth could no longer sit by and watch what was happening. Archangel Michael had a group that decided to drop their vibration and incarnate to Earth. This was all planned to raise the vibration of the souls here on Earth once again.

Once Archangel Michael and his group were incarnated on Earth they begin to see the evil that has plagued this planet and decided to do something about it. Michael took the polarity of the light and the Draco took the polarity side of the dark. Hence, duality.

In the meantime Lucifer took great pride in seeing this fight between the light and the dark and watched the battle continue. His goal was to see who would win this supreme battle between the light in the dark. He lost all compassion. Lucifer taught the soldiers on the battlefield to suppress their emotions to become hardened to suffering and misery. While Archangel Michael taught his players to become compassionate and try to understand the lost souls Lucifer had trained. When Lucifer seen what Archangel Michael was doing he waged battle on Michael and his forces in the astral and etheric planes above Earth. This became the War in the Heavens.

The War in the Heavens lasted about 1000 years. At this time there was about 1 billion people on Earth. Most of the fighting on Earth at this time was regional and only using conventional weapons. After the 1000 years of fighting Lucifer agreed to stop waging war.

Things started to mellow out and the beings were again incarnating as fourth density beings and then came the 26,000 years cycle into a different age. Again, sounding familiar to current times as we entered the Age of Aquarius in 2012? 😊

This shift wiped out about half of Earth's population through massive earthquake's. Sounding familiar??? Land masses shifted and this began the continent of Lumeria. Again, about three grand cycles later there was another destructive event that flooded most of the continents on Earth but Lumeria remained. Could this be the Nibiru system on its 3600 year cycle?? History repeating itself? Connect the dots people! 😊

The souls that perished on the flooded continents reincarnated into Lumeria. This became a second Lumerian period. But, as this system passed by Earth it's tail brushed the atmosphere and changed the temperature from tropical heat to 50°F in hours freezing most of them. Those who knew what was coming fled to the sea, some walked into the sea and drowned. Some tried to build a huge underwater cities but were unsuccessful. The Lumerian continent sank into the sea.

The few survivors migrated to Australia, South America, Hawaii and the Philippines. What has been suppressed our entire existence is that the Draco were the ones behind the close passage of this comet, planet by nuclear explosions in space that purposely directed the trajectory of this comet towards Earth to destroy the civilizations here.

They wanted to completely wipe out the entire population of Earth so they could land and take control of Earth themselves. They were only partially successful in this attempt. They found out that their native Reptilian bodies could not live in Earth's atmosphere and gravity so they started to incarnate in mass with the remaining population.

The Draco Reptilians spent many years in their spacecraft in their laboratories splicing and dicing DNA samples and came up with the human Draco hybrid. They did this by injecting their Reptilian DNA into the cerebellum part of the brain of the humans on Earth that quickly mutated. Hence, what we call today the reptilian brain. This is where we get the aggressive, competitive and fight or flight behavior. Today about 80% of the DNA in humans are Orion and Draco hybrid. What is thought to be human nature is really the hybrid part of our brain which came from the Draco Orion races thru incarnations. So, the original DNA blueprint of our original species was reduced to 20% of the human beings projected abilities.

So, basically what happened to the original blueprint of the human being is we were downgraded to warlike, barbaric, unempathetic beings because of this downgrade in our DNA by the Draco Reptilians.

The History of Earth...

Part 8

The Transition from Lumeria to Atlantis...

During this time the Draco and Orion's had massive fleets above the Earth. These ships were mostly in 4th density. These two groups had a loose alliance based on exchanging technological logy and keeping hostility at bay. One of these technologies was a highly intense electro magnetic beam used to disrupt the etheric fields around the Earth and it created a force field to keep their enemies from coming to Earth.

After the destruction of Lumeria there was a quarantine placed around Earth because Earth was now known as an unsavory place, not a very desirable place to settle peaceful loving groups.

The 7th density Pleiadians put a quarantine around Earth themselves to prevent the Draco and Orion's corruption bleeding into the higher etheric fields of our Universe. So basically they blocked Earth off to keep Earths corruption and business to itself. This veil, this vibrational quarantine was not lifted until 1987 A.D. This was the time known as a harmonic convergence.

At this time the Pleiadians seen things were beginning to settle down after the destruction of Lumeria and began settling on Earth once again on a landmass that is now the Atlantic Ocean. Remember, the Draco in their Reptilian bodies could not live in this vibration or gravity so they began incarnating with the Lumerians that had survived.

The DNA of those survivors of Lumeria were mostly Orion , Sirian and Andromeda DNA with Draco energy. As the new civilization began to grow the Pleiadian, Draconian and Orion DNA began to mutata. These new beings became more scientific and intellectual in their evolution. This was the beginning of Atlantis!

These new humans still had the reptilian brain but the Cerebral cortex of the brain of these new humans had developed the high virtues and understanding of the Pleiadians.

A civilization began to exist much like the civilizations of today with all technical achievements. The higher Pleiadian mind combined with the passion of the Orion and the competitiveness of the Draco resulted in a structured world of machines and great architecture. Looking familiar?

But, at this time the quarantine had worn off and lots of unsavory characters began coming to Earth once again and to fast forward we come to the downfall of Atlantis. It was due to the misuse of crystalline energy generation systems.

About 2000 years before the end of Atlantis the scientists developed radionics devices using quartz crystals they were able to generate all the energy they needed to power every part of their civilization. This energy was powerful enough to tempt the unsavory aspects of society.

Several Atlantean scientists made deals with the Orion groups trading technology to attain supreme power. This is similar to what's happening today with certain Earth factions. The Orion's took notice of this energy and began engineering it creating weapons with it. But, the Orion's never got the chance to wage war with this technology because one of these very strong crystal generators exploded sinking the continent of Atlantis and most of its inhabitants.

Only a tiny handful escaped in air ships and in sea going vessels over 90% of those who tried escaping by sea were drowned in massive tsunamis. Those who escaped in ships relocated to South and Central America and Egypt.

The scientifically oriented hybrids of Atlantis once again suppressed their emotions just like the Luciferian's. Meaning, they grew to want physical power once again instead of going in the spiritual direction. Not good...

If the Atlanteans were balanced spiritually and emotionally in their bodies they would have seen what was happening and would've taken steps to prevent it. This is what I believe is happening today with many of us seeing what's happening in our world through our higher vibrational reality. We must take steps to prevent the destruction of our planet we see happening now! Because, this is the same scenario being played out in our world today and people better wake up! We are very close to the destruction of Earth and our civilization as Atlantis was at the time of their destruction!

However, there are two important differences. There is divine integration happening to many of its inhabitants on our planet right now. Meaning, large numbers of souls are achieving higher consciousness and they are being monitored just like the Earth very closely. Lots of you know who you are. 😊 These benevolent beings, positive factions are watching Earth very closely and are prepared to act in an instant to prevent large scale nuclear war. **THE GLOVES ARE OFF!!**

These positive groups have sophisticated technology to detect dangerous and exotic weapons before they are tested.

The next part will be about the Aztec, Egyptian, Biblical and Greek periods, Christian and Jewish mythology, and who and what really happened at the time of "Jesus." and where the distortion lies.

Pleiadian Teachings

The History of Earth...

Part 9

The time of ancient Egypt and the time of Jesus Christ has held this human species attention for a long time. The battle of Light and Dark continued after the destruction of Atlantis. This planet seemed to seesaw between periods of enlightenment, control and corruption, Egypt was a case in point.

A group of 7th density Pleiadians were determined to restore the genetic blueprint of humanity lost to Orion, Sirian, Draco, Adromedan. The humans that ended up by the Nile river were the first to be visited by the Pleiadians and the teacher who headed up this group of 7th density Pleiadians was named Thoth.

Thoth was a radiant humanoid being of blue white light. Thoth was able to lower his vibration low enough to be able to communicate truth with the survivors of Atlantis that ended up on the Nile. Thoth was the engineer behind the Great Pyramid.

The Great Pyramid served many purposes but it's main purpose was an Ascension chamber and controller of Earth's grid system. But, this great pyramid never got to serve it's purpose of an Ascension chamber due to interference by Orion and Draco factions.

It was also to serve as a portal for incoming high density Pleiadians to begin bringing back the original blueprint of the human being they had visioned. The 7th density Pleiadians constructed this Great Pyramid engineered by Thoth in a matter of days using levitation and laser technology. The Pleiadians along with others helped build the Hall of Records that are several thousand feet below the pyramid.

The Sphinx was built to mark the entrance of this Ascension portal.

Eventually, the Sirians from the star system Sirius B began to arrive on Earth and started unraveling the work the Egyptians, Pleiadians and Thoth had orchestrated. The Christian, Jewish and Greek mythology comes from the Sirians.

The Sirians were very psychic and intellectual beings but they had a very big ego issue and were looked up to by the humans. This was the beginning of worship!

The Sirians started this charade very subtly by demonstrating their miraculous powers to these lesser spiritual human beings who could not see through this charade. Hence, the beginning of the Sirian God's.

The God of the Old Testament Jehovah was a 7th density Sirian and was a very egotistical being. The Old Testament is one of the bloodiest, violent books ever written. You need to ask yourself would a very highly evolved being pit one race against each other? Would he order blind obedience to his principles? Christian and Jewish biblical scholars need to go back and research the ancient teachings. Did they promote peace and evolution of awareness or did they promote division, conflict and obedience?

Egypt began to fall into worship and sacrifice. At this time the Draco, Orion and Avian came once again and integrated and started to interbreed with the human. Hence, the part Reptilian, part Avian, part human form depicted in Egyptian drawings. The bird people were a hybrid Draco, Andromedan race, the result of creative DNA engineering. They like the Sirians used their superior technology psychic power to enslave the docile humans. You can see these ancient drawings all over Egyptian caves of these worshiped Egyptian gods.

The Pleiadians once again seeing their experiment go awry to the Draco, Orion, Andromedan races retreated back to their inner planes and Egypt fell into a relatively time of darkness. Mystery schools, sacrifice, mummification and worship had all corrupted the Pleiadian

teachings. If the teachings of Thoth and the Pleiadians would've been fully integrated corruption would not have happened.

The History of Earth...

Part 10

The story of Jesus Christ

The allegorical storyline of one being sacrificed to heal the sins of the masses happened many times over before our 2000 year period. This story has been repeated many times throughout the history of Earth.

If you dig into other cultures you will find the same storyline with icons with stories which are very similar. The idea that a savior died for your sins has been played out by the dark ones in an attempt to get humanity to place the blame outside of themselves in order to keep their problems from being solved.

Let's get this straight nobody can ever die for your sins! Because you have free will and you are responsible for everything that you do and there is no such thing as a unpardonable error or an error that causes you to be defective. You are as perfect as the day God, Source created you and you will always be perfect, innocent and holy.

The soul known as Jesus was a direct fragment of the Sananda lineage in other words Sananda was the oversoul of Jesus. Sananda once again watching man flounder in sorrow and ignorance. He wanted to intervene and help in a way that respected our free will so he incarnated in approximately 39 BC as the son of Joseph and Mary. This information is much in line with the biblical story.

Jesus birthdate was approximately March 31st. Sananda and 8th density celestial being incarnated as Yeshua (Jesus). Being from 8th density he retained much of his spiritual abilities despite the very dense environment he was born into.

As a young boy he was very psychic and had foreseen many events that would come to pass. Joseph and Mary were at odds with the political establishment and were not married when Mary became pregnant. The virgin birth was all a lie. Certain ET factions have the capability to impregnate women by other means but Mary was impregnated normally.

Because of giving birth out of wedlock Joseph and Mary removed themselves from the social, political and oppressive beliefs of the authorities. Mary and Joseph then migrated to Galilee near the Dead Sea. Mary and Joseph left Yeshua in the care of the Essenes they had met up with in Galilee. Yeshua eventually joined the Essene order learning the Essene way.

The Essenes Were strict vegetarians and taught Yeshua to respect all lifeforms. At the age of 16 Yeshua traveled to India and met several gurus and saints as he studied the mysteries of life. He finished with his India studies and headed back to Galilee to see his parents where he met Mary Magdalene who was a dancer and entertainer and briefly prostituted herself when times were tough.

Yeshua and Mary were deeply in love and had a child. They were not married and became social outlaws. Yeshua's Essene friends allowed him and Mary to stay at their temples for safety. Again, Yeshua traveled to India with Mary this time where their young son was blessed by spiritual gurus.

Eventually, word got out that Mary Magdalene had an illegitimate child. But, Nono knew who the father was. Fearing for the child's life Mary and Yeshua left this child in the care of an Indian Saint. It was a few years later that they could return to India but they knew he was all right but missed him terribly.

After visiting their son Mary and Yeshua left him in the care of the Indian guru where he grew up. The political climate was way too unstable and risky to bring him back to Galilee. Their son grew up in India and became a very wise sage in his teachings.

In this time Yeshua was relieving higher spiritual visions from spirit and his soul family and was told to teach higher spiritual principles to anyone who would listen. He started teaching in his late 20s and gathered quite a following and had about 50 disciples.

He and Mary Magdalene had kept their child a complete secret. Being highly clairvoyant Yeshua saw that the authorities were eventually going to kill him but was told by his soul self to keep teaching his spiritual principles. His teachings were highly distorted in the Bible but a few truths managed to get through.

He taught to forgive your enemies, to love one another and that we had all the abilities as him meaning healing and clairvoyance. Also, we were created in the likeness of our creator which is love and to reach God, Source was not thru him alone.

Once Yeshua reached a certain level of awareness his cosmic family began to communicate with him reminding him of his position in the priesthood. When Yeshua was brought to the cross he immediately left his body consciously instead of suffering for 3 days as told in the Bible. After leaving his body he holographically projected himself back into human form numerous times to appear to his disciples and Mary Magdalene.

The body of Yeshua left the tomb because grave robbers stole it. He had no need to resurrect it. As he was already able to materialize a new body after he returned to 8th density. The second coming of Christ refers to the return to Christ consciousness, or Celestial consciousness of higher densities. As we all know Christianity has little to do with the original teachings of Yeshua, Jesus and a whole lot to do with sin and guilt.

Fortunately many of us are expanding our state of awareness to see beyond these limited and primitive beliefs.
